

UNIVERSITY OF PETROLEUM AND ENERGY STUDIES

Capstone Linear Regression Project Submission & Viva Guidelines (15th Sept to 30th Sept)

Course: Applied Machine Learning

Instructor: Dhiviya Rose

Max. Marks: 50 Marks IA

(20 Marks Theory + 20 Marks Lab + 10 Marks Lab Viva)

Step 1: Project Selection (FCFS) – Deadline: Sept 16th

- Book your ProjectID via WhatsApp (First-Come, First-Served). Projects booked already cannot be taken.
- Booking Message Format: TeamMember1:<Name>, TeamMember2:<Name>, ProjectID:<ID>, ProjectName:<Title> by any one team member

Step 2: Hardcopy Documentation – Deadline: Sept 23rd

- Submit a **printed report** at **my desk**.
- **Report Includes:**
 - Introduction, Problem Statement, Objectives
 - Implementation (Model Parameters, Code Snippets)
 - Results, Challenges, Future Scope
 - Conclusion & References

Step 3: Presentation – Deadline: Sept 30th

- Create and Submit a **recorded PPT presentation**.
- The recording should have visuals from presenter's view.
- **Include:**
 - Problem Statement & Objectives
 - Data Preprocessing Applied
 - Model & Evaluation Metrics Used
 - Dataset details
 - Challenges & Solutions
 - Demo Screenshots

Step 4: Viva – Oct 1st -10th

- Viva will be **scheduled anytime within this period**.
- Execution will be checked during viva

★ Important Notes:

- ✓ Stick to **deadlines** to avoid penalties.
- ✓ Use **correct WhatsApp format** for project selection.
- ✓ Maintain **clarity & structure** in documentation.

For doubts, feel free to ask!

Here is a **Marks Rubric** for evaluating capstone projects based on your syllabus.

Criteria	Excellent (10 Marks)	Good (7-9 Marks)	Average (4-6 Marks)	Needs Improvement (1-3 Marks)
Problem Statement & Innovation- A recorded video of PPT presentation(Both member shared equally) must present a PPT and updated by 15th April on the Topic Selected in LMS. (10 Marks)	Clearly defined, innovative, and solves a real-world problem	Well-defined but lacks innovation	Somewhat clear but lacks uniqueness	Vague problem statement, lacks innovation
Implementation Concepts – assessment done by Viva(20 Marks)	Effectively implements	Implements most concepts with minor gaps	Implements basic concepts but misses some key topics	Lacks implementation
Performance Evaluation Check - assessment done by Viva(10 Marks)	Efficient handling of data	lacks optimization	inefficiencies	No or poorly implemented
Presentation & Documentation Hardcopy report needs to be submitted by 20th April.(10 Marks)	Clear, well-organized documentation and effective presentation	Good documentation with minor gaps	Basic documentation, lacks clarity in some parts	Poor or no documentation, weak presentation

Total Marks: 50
